SHE'S
PREGNANT!

LET HER KNOW SHE'S NOT ALONE

If you heard someone you know is pregnant and considering abortion, what would you do? Maybe she's a family member or friend; perhaps you don't really know her but just met her in a store or at an event.

- Start by letting her know she's not alone. Before she makes a regrettable decision that can't be undone, tell her about the life-affirming help she can receive through a local pregnancy help center. Share the website through the QR code below for the nearest location. There she can receive accurate information about her options, have her pregnancy confirmed, see her child via ultrasound, learn from parenting classes and more.
- Resources for financial and emotional help are available. The center can help her find housing if she needs it, perhaps at a local maternity home and a home for moms and babies after the birth so she can pursue her career.
- Parishioners can join others in determining how the parish can help on a deeper level by working alongside the pregnancy help center, aiding clients by providing needed assistance, personalized to each mother.
- The center can help her stay connected to the parish or rediscover her Catholic heritage. Maybe she doesn't belong to a particular faith community but is open to experiencing one that cares about her.

CONTACT

Contact your parish office or the Diocesan Respect Life Office for more information on how you can help women experiencing stressful pregnancies by Walking with Moms in Need.
